- Encourage & support more use of public transport to and from our sites of work.
- Continue to encourage, facilitate and support remote working (home office).
- Encourage and support the move to electric vehicles.

We project that carbon emissions will decrease over the next five years to 12,000 tCO<sub>2</sub>e by 2027. This is a reduction of circa 30%.

## Carbon Reduction Projects

In the future we hope to implement further measures such as:

- Supporting employees in either utilising public transport more, or encouraging the change to electric vehicles.
